After years of establishing and running experimental galleries, Susan returned to the studio full time in 2013, creating a *groundbreaking* new approach to color and textiles, marrying modern production technology with traditionally woman-centered “craft” into a new fine art form that soothes and calms us in frenetic times.

Susan Hensel has said, "During these hot house times people are re-forming how they work, where they work and why they work: home offices, bills to pay, personal purpose and a desire to make the world a kinder place."

These works are an outgrowth of that sense of purpose, layered on hundreds of exhibitions, including dozens of solo shows, grants and residencies across a fifty-year span.

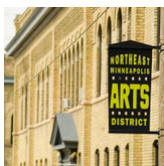

The exhibition, IN AND OUT OF THE FOLD, is now OPEN at [www.susanhenselprojects.com](http://www.susanhenselprojects.com) through November 12, 2020.
