In and Out of the Fold; an international online solo fiber art exhibition by Susan Hensel opens on November 15 and will continue through December 15, 2021.

Discover the transformative textile art by Susan Hensel. Susan Hensel is a multidisciplinary artist, with a 50+ year career. She combines a mixed media practice with embroidery across digital and manual platforms. She also makes sculptures and wall art using the colors and techniques of commercial embroidery. These artworks are designed in the computer and stitched out on the computer-aided embroidery machine. Her goal is to create an experience for the viewer that overwhelms with color and transcends the quotidian, encouraging one, for even a few seconds, to step outside the narrative of the ego into a place of pure sensation.

Artist: Susan Hensel

Artist (Description):

Susan Hensel received her BFA from the University of Michigan in 1972 with a double major in painting and sculpture and a concentration in ceramics. With a history, to date, of over 200 exhibitions, more than 30 of them solo, twenty garnering awards, Hensel's desire to communicate ideas through art continues to be a powerful motivator.

Hensel's artwork is known and collected nationwide, represented in collecting libraries and museums as disparate as the Museum of Modern Art in New York and The Getty Research Institute. There are major holdings at Minnesota Center for Book Arts, University of Washington, Baylor University, and the University of Colorado at Boulder. Archives pertaining to her artist's books are available for study at the University of Washington Libraries in Seattle.

In recent years Hensel has been awarded multiple grants and residencies through the Jerome Foundation, Minnesota State Arts Board, and the Ragdale Foundation.

Hensel's curatorial work began in 2000 in East Lansing, Michigan with the Art Apartment and deepened with ownership of the Susan Hensel Gallery. Hensel has curated over seventy exhibitions of emerging and mid-career artists from all over the United States and Canada.
